

Budget on WASH, Nutrition and Health

Today Dumuria UP Ward #08 organized a pre budget planning meeting with the participation of more than 200 citizens to raise their demand for allocating more budget on WASH, Nutrition and Health.

It was a very interactive discussion among UP & grass roots poor citizens to consider and inclusion their demand in priority basis with sufficient budget. We think, through the process of such participatory planning, our goal of R2G project will able to meet the success.

Chairman also addressed the issues through his speech and will do the needful. DF LGSP also emphasized the necessity of these issues of stunting free U5C and responsibility of local people, concern members and chairman.

Participated in the Volunteers (Community Promotor, Union Facilitors/Supervisor) monthly Staff meeting organized by HLP.

Around 34 participants were actively attended in BMET session on how and when they will play their active role to include our prime issues through budget tracking. Already they all received their Tabs and now requesting to provide the BMET training. Please consider the issues and organize it as soonest.
